Good evening, Upper San Angeles. It's a Thursday, November
21, 2019. It's Scorpio's last day as we head into
Sagittarius. The Archer. A man with piercing arrows or

Dish rips a cord from the vending machine and plugs it into his deck.

Panel 6-MED SHOT
They talk as Ramone mounts and Dish starts meditating.

DISH
What problem?

RAMONE
Girls. Or is it boys?

DISH

Virtual girls are no problem whatsoever.

RAMONE

Think you should try reality for just once?

DISH

Have you lined up an appropriate interface?

RAMONE

Yeah, but let's complete this first, okay?

DISH

Just remember to pick me up.

Dish plugs in and closes his eyes as Ramone walks off.
